

The BEAM Bulletin | December 2009

Dear Ellen Worton,

What's happening at BEAM

Seasons greetings from BEAM! Our [End of Term Sale](#) is still running, with super savings on selected books, games, software and maths equipment. For example, save 25% on our [Maths Raps](#) interactive CD-ROMs. Rap along karaoke-style on a range of topics such as place value, multiples, square numbers and more, to help children memorise facts and rules in an enjoyable way. Watch the equivalent fractions rap below!

Free resources

Maths of the Month

Many of the Maths of the Month activities are available for download and use before. You will find a table below to download the files. Click on an icon below and a table will be sent to you via email. You will also receive a password to the resources.

You will also receive a password to the resources. Click here to see the latest Maths of the Month updates.

Home: [http://www.beam-uk.com](#) and [http://www.beam-uk.com](#)

	5-6	7-8	9-10	11-12	13-14
Counting, reading and writing numbers					
Place value, in the tens and ones					
Fractions, decimals and percentages					
Subtraction

Money and measures					
Data handling					

Free printable games and activity sheets

[Maths of the Month](#) is our free online archive of maths activities and worksheets. It's regularly updated and all the resources are conveniently arranged by age and maths topic. Browse the [latest activities here](#) or click the links below to open a pdf of each activity.

- [Number sentences: An activity for children aged 5-7](#)
- [Making twelve: A game for two players aged 7-9](#)
- [Divide and rule: A game for two players aged 9-11](#)

Remember to come back every month to download even more printable sheets.

Professional Development

BEAM spring courses line-up

Our spring course programmes in [London](#), [Manchester](#) and [Birmingham](#) begin in January, so book your places now. We've added even more new course titles for 2010, including [Managing differentiation at KS1](#), [Developing strategies for addition and subtraction](#) and [Teaching for all: dialogue-rich opportunities](#). For more information or to download booking forms, [visit our website](#).

INSET: Get set for 2010!

Now is the perfect time to book your INSET for next term. Whatever your needs, our team of highly-experienced consultants can provide specially tailored in-school support for your school, cluster or LA. To review the children's maths learning in your school, call our INSET team on 020 7684 3324, email INSET@beam.co.uk or [visit our website](#) for further information.

Best wishes,

Matthew Cowie
The BEAM Team

P.S. Book your place on the [BEAM Early Years Conference](#) to discover the latest thinking on Early Years maths education. This year's conference is being held on Friday 19th March 2010 in London. [Book your place](#) online today or call us 020 7684 3324.

Want to take a closer look at BEAM resources? [Email us](#) or call 01242 267284 for contact details of your local BEAM representative.
