

**you need:**

- 1–6 dice
- a pencil each

# Add three numbers

 for 2 players**First of all**

Each choose a grid and write your name there.

**When it's your turn**

Roll the dice and say the number.

Both players, write that number in one of your boxes.

**The rest of the game**

Take turns like this until your grids are full.

Player-with-the-**left**-hand-grid, choose a **row** of three numbers and add them. That is your score.

Player-with-the-**right**-hand-grid, choose a **column** of three numbers and add them. That is your score.

Who has the largest score? They win.
